- **Light Pollution:**
 - The current street light at this location emits an excessive amount of light, significantly impacting the night sky and disrupting the natural sleep cycles of wildlife.
- **Discomfort to Residents:**
 - The bright light from this street lamp directly shines into several nearby homes, causing discomfort and disruption to residents, particularly during nighttime hours.
- **Minimal Need for Illumination:**
 - The area around this street light is well-lit by other sources, including nearby houses and street lamps, rendering this particular light unnecessary.

We respectfully request that the town consider disabling the street light at _____ to alleviate the aforementioned issues. We believe this simple adjustment would significantly improve the quality of life and the health of the residents in the immediate area, while also contributing to environmental and wildlife preservation.
